

**BASNET Forum'as** association was established at the very end of 2008!

**Institutions - BASNET project partners are invited to join BASNET FORUM'as association!**

At the very end of 2008 the **BASNET Forum'as** association was established on the basis of institutions Lithuanian BASNET project partners: Vilnius University (VU), Kaunas Technical University (KTU) and Vilnius University Institute of Theoretical Physics and Astronomy (VU ITPA). During the first meeting the executive committee, its head and president was elected. Dr. Alicija Kupliauskiene was elected as head of executive committee and Assoc. Prof. Dalia Satkovskiene became the president of **BASNET Forum'as**.

According to the Lithuanian laws **BASNET FORUM'as** was established as an association with participation of international members and has been set up as continuation of then FP6 project BALTIC STATES NETWORK :WOMEN IN SCIENCES AND HT (**BASNET**).

The main purpose of BASNET FORUM is to mobilize the BASNET partners efforts to support the implementation of BASNET Women in Sciences strategy in the BALTIC States region. For this it aims:

- To monitor the changes in women in science situation in the Baltic States and other partner countries;
- To disseminate good experience in solving women in science problems;
- To encourage women proceed in pursuing career in sciences and HT;
- To seek the implementation of ethical norms into the science management;
- To maintenance the BASNET portal and Data basis;
